

Timberline Rim Water Company Inc.

-New Outside Water Supply Policy -

Policy Resolution # **0830WCP**

Adopted: 08/30/18

An **Outside Water User** is an owner of property or other water utility located outside of the Timberline Rim Recreation Club, Inc. Homeowners' Association.

Applications for new Outside Water User supply services will be open at the March Timberline Rim Water Company, Inc., ("Company") Board meeting each year. The Board will have two meetings after the March meeting to decide to provide water supply service or not.

Requirements for applying for water supply service:

- The person or utility requesting water must apply for water supply service ("Applicant") by March 15th and attend the March board meeting.
- The Applicant must be on the deed to the property to receive water supply service or be another water utility.
- The delivery point for water supply service must be on Company property or within a Company utility easement.
- The Applicant must demonstrate a dire need for water to interconnect to the Company system.
- The Applicant must provide the technical specifications for interconnection and water requirements sufficient for the Company to estimate the construction costs of the interconnection and to determine the feasibility of the facilities and supply service.
- The Applicant must execute a Water Supply Contract in the form proposed and acceptable to Timberline Rim Water Company, Inc., and prepay the estimated construction cost for the interconnection. The applicant shall be responsible for all actual construction costs in excess of the estimate but shall be entitled to a refund of any estimated amounts paid in excess of the estimate.
- The Applicant must provide a security deposit equal to three months estimated usage.
- All water supply service provided to an Outside Water User shall be non-firm, interruptible and terminable in the sole discretion of the Company should the Company determine that the service to the Outside Water User

poses a health or service risk to other customers of the Company, including but not limited to a shortage of water, equipment failure or inadequate water pressure. Priority service is granted to customers within the Timberline Rim Recreation Club, Inc. Homeowners' Association.

There is no promise or guarantee that any persons, property or utilities outside of the Timberline Rim Recreation Club, Inc. Homeowners' Association will be provided water supply service Company and applications may be denied for any or no reason at the sole discretion of the Company.

There is no promise or guarantee that any outside water users will remain hooked up to the Timberline Rim Water in perpetuity. All Water Supply Contracts shall be for a fixed term with no promise or guarantee of extension.
